Notes on the edition:

This edition was transcribed directly from the Old Hall Manuscript (British Library Add MS 57950).

Note values have been halved, and ligatures are marked with a bracket above the stave. The 6/4 time signature is editorial; the original mensuration - imperfect tempus, perfect prolation - is unmarked in the manuscript.

Ficta accidentals, placed above the stave, are editorial.

Text underlay for the lowest voice is original, and all other text (in italics) is editorial.
