Translation

Virgin most beloved of Christ, worker of all virtues, bring aid to the wretched. Be our perpetual succour, Lady, when we cry to you.

℣ For we are burdened with the weight of our sins and there is none to help us.
Be our perpetual succour, Lady, when we cry to you.

℣ Glory be to the Father and to the Son, and to the Holy Ghost.
Be our perpetual succour, Lady, when we cry to you.

Liturgical Function

In the Use of Sarum, *Christi Virgo* was the respond at First Vespers and the ninth respond at Matins on the Feast of the Annunciation (25 March). Sheppard's setting omits the final *Alleluia* and so must have been intended for use when the feast fell during Lent. There are reasons for doubting that his setting would have been sung at Matins.

Editorial Conventions

The nomenclature of the voice-parts follows the Tudor convention.

The original clef, staff signature, mensuration symbol and first note of each part are shown on the prefatory staves. Editorial accidentals are placed above the notes concerned and remain operative throughout the bar.

Ligatures are denoted by the sign .

Repeat signs in the underlay have been expanded using italicised text.

The lost Tenor part has been reconstructed by the editor and is printed in small notation.

Notes on the Readings of the Sources

In the notes below, each reference to a bar or group of bars is separated by an oblique stroke. Within these references multiple readings in the same voice are separated by commas and readings in different voices by semicolons. The order within each entry is: 1) bar number; 2) voice; 3) reading of the source. Pitches are in capital letters, preceded by a number where necessary, e.g. ²A = second note A in the bar.
